2003 Draft Statewide Transportation Improvement Program

MDT will release the 2003 draft Statewide Transportation Improvement Program (STIP) on July 1st, and wants your comments and ideas on proposed transportation projects throughout Montana.

***THIS IS YOUR OPPORTUNITY TO COMMENT ON
MONTANA'S TRANSPORTATION PROJECTS***

The STIP is a list of most major transportation projects

planned for Montana for the next three federal fiscal years. These include Aeronautics, Rail, Highway, Public Transportation and Federal Lands Highway projects.

The main goal of the draft STIP, which is published each year at this time, is to solicit public comment on the proposed transportation program for Montana.

Each year, MDT receives many helpful comments and innovative ideas from the public on transportation-related issues. We carefully consider and respond to these comments and strive to incorporate them into the department's policies and decision-making processes.

This year's deadline for submitting comments on the draft STIP is **August 16th**. However, we encourage the public to comment anytime throughout the year as various transportation issues may arise.

For a look at some of the major highway projects MDT has planned for the next three years, please refer to the map in the center of this issue of **Newsline**.

To request a copy of the 2003 Draft STIP:
